**COMPETITIVE
PROCUREMENT
GUIDELINES**

Competitive Procurement Guidelines

Micro-Purchase: \$1-\$49,999: Quotations from multiple vendors are not required but encouraged to obtain the best value or use of district-approved annual bid, cooperative, inter-local agreement, or state contract. To the maximum extent practicable, the non-Federal entity should distribute micro-purchases equitably among qualified suppliers. (2 CFR part 200 200.320)

Please note all federal purchases will be aggregated by fiscal year by Commodity Code/Like Type Item. When the total purchases by Commodity Code/Like Type Item reach \$50,000 the purchase is considered a Competitive Bid/Small Purchase and **2 quotes are required if using federal funds**. The district defines the Commodity Codes/Like Type Items, but a single PO or single vendor purchase cannot be considered an item. ([TEA-TAA-11.29.18](#))

Competitive Bid/Small Purchase: \$50,000+: Formal competitive procurement method shall be used, or use of current district approved annual bid, purchasing cooperative, interlocal agreement, or state contract. Two quotes are recommended. If using federal funds 2 quotes are required once the Commodity Code/Like Type Item reaches \$50,000. One of the following competitive procurement methods that provide the best value for the district shall be used and coordinated by the Director of Purchasing.

- Competitive Bidding
- Competitive Sealed Proposals
- Request for Proposal
- Interlocal Agreement
- Purchasing Cooperative
- State Contract

Competitive Bids or Proposals for purchases over \$50,000 in the aggregate for each 12-month period must be advertised once a week for at least two weeks in the local newspaper prior to the bid opening. Bid opening must be at least two weeks from the date of the second publication.

Individual purchases of \$50,000 or more must be approved by the Board of Trustees.

Simplified Acquisition Threshold: \$250,000+: Purchases with federal funds require the Purchasing Department to perform an Independent Estimate Determination prior to advertising for bids or proposals and a Cost and Price Analysis prior to awarding or entering into a contract. In determining costs, do not use the cost plus a percentage of cost and percentage of construction cost methods of contracting. All costs subject to this analysis must be allowable under the grant program. The contractor's profit must be negotiated as a separate element of the total price.

Exceptions to Competitive Procurement Requirements:

- Approved Sole Source Purchase by the district (local funds) or TEA (federal funds). The Purchasing Department will make the initial determination if a product is or is not a sole source. If it is determined to be a sole source purchase and federal funds are being used a TEA sole source request will be submitted to TEA by the Grant Manager.
- Professional Services approved per state or federal statutes.
- Emergency resulting from an unforeseen catastrophe that would substantially prevent or impair the conduct of classes or school activities. Requires board action prior to use as a sole source or exemption from using competitive procurement.

As stated in the TEC, §44.031(b), in awarding a contract, a district shall consider: • purchase price • the reputation of the vendor and of the vendor's goods or services • the quality of the vendor's goods or services • the extent to which the goods or services meet the

district's needs • the vendor's past relationship with the district • the impact on the ability of the district to comply with laws relating to historically underutilized businesses • the total long-term cost to the district to acquire the goods or services • for a contract that is not for goods and services related to telecommunications and information services, building construction and maintenance, or instructional materials, if the vendor or the vendor's ultimate parent company or majority owner has its principal place of business in this state or employs at least 500 persons in this state • any other relevant factor specifically listed in the request for bids or proposals. The Definition of Best Value Best value can be better defined to make an award of a procurement other than solely based on price alone. Though price may be considered a high-level concern to the district due to budgetary constraints, other factors may include the reputation of the vendor (e.g., references), the experience with the vendor in previous contracts with the district, the ability of the vendor to meet the needs of the district, or any other criteria the district may determine to be in its best interest. To determine which criteria should be considered the most important, weights or points can be assigned to each criterion based on how important it is. Here is an example of how points could be broken down. Each solicitation is unique so modifications will be made to the criteria used and the points assigned to each. The use of 100 points is a good standard to follow. However, any point structure will work. Weighted pricing will be used to determine how price points are assigned. The formula to calculate price points is: $(\text{Lowest Responsive Bid} / \text{Vendor's Bid Price}) \times \text{Assigned Points} = \text{Vendor's Points for Price}$. Each competitive procurement includes the evaluation criteria with assigned points/weights. To select the offeror that offers the best value for the district based on the published selection criteria and its ranking evaluation. In determining the best value for the district, we are not restricted to considering price alone but may consider any other factors stated in the selection criteria. First attempt to negotiate a contract with the selected offeror. May discuss with the selected offeror options for a scope or time modification and any price change associated with the modification. If unable to negotiate a satisfactory contract with the selected offeror, the district should end negotiations with that offeror, formally and in writing, and proceed to the next offeror in the order of the selection ranking until a contract is reached or all proposals are rejected.

Opening Bids: Bid opening date, time, and location is in every request for competitive procurement. Publicly open, and read aloud the names of the offerors, and all prices stated in each proposal, if any are required to be stated. Evaluate and rank each proposal submitted in relation to the published selection criteria no later than the 45th day after the date on which the proposals are opened.

The district uses an electronic bidding software for the preparation, submission, and evaluation of competitive procurements. The system keeps bids sealed until the closing date and time for the bid. Purchasing staff unseal the bids and download the supplier responses.

**PURCHASING,
RECEIVING,
AND
PAYMENT PROCESS & FLOWCHART**

PURCHASING AND RECEIVING PROCEDURES

Purchasing:

1. One designated person per department or school should be responsible for the entering of requisitions. Requisitions should include an adequate description (manufacturer, part number, size, etc.) of the materials being purchased.

Requisitions must reference the applicable bid, purchasing cooperative or quote number from which the prices were obtained. The bid number should be entered in the comments section of the requisition. A quote number will be entered in the notes section. It is highly recommended that each purchased line item be entered in eFinance Plus rather than using an attached list. This assures that all items are properly received and paid for.

2. The principal or department head or their designee should be responsible for approving each requisition. Each requisition should be checked to make sure proper rules were followed and awarded vendors were chosen. When written quotations are required, they should be attached to the requisition in eFinance Plus and a copy filed or saved in a central location at the school or department.
3. Approved requisitions will be converted to Purchase Orders within 24 hours for review and signature. Approved purchase orders will be signed and faxed or emailed to the vendor based on notes entered in the requisition. Copies of the purchase order will then be distributed to the originator.
4. Many vendors have been awarded multiple bids/contracts by multiple purchasing cooperatives, so we recommend requesting quotes from multiple vendors and ask that they give the best pricing available and note which purchasing cooperative bid the pricing is based on.

With our vendor list continuing to grow it is important that we utilize vendors, whenever possible that have been awarded bids or who participate in the district approved annual bids, purchasing cooperatives or Inter local agreements. This will assure competitive prices and more efficient receiving and payment procedures. If you have a question about which vendors are awarded/approved, please visit the Purchasing Department web page or call or email the Purchasing Department. An approved vendor must have been awarded a bid by the district, purchasing cooperative, state contract or inter local agreement that has not expired.

Receiving:

1. Some shipments from local vendors are delivered directly to the school or department. It is the responsibility of the school or department to verify receipt and forward the signed and dated green receiving copy of the purchase order to the Business Office.
2. All shipments from out of town vendors will be received at Central Receiving and re-delivered to the appropriate campus or department. Each school or department is responsible for opening boxes and confirming that shipments are received in full.
3. For out of town orders it is the responsibility of each school or department to verify receipt and forward the signed and dated green receiving copy of the purchase order to the Business Office. This notification must be made within three (3) days of receipt of goods. One person at each school should be responsible for this task. If a shortage or incorrect merchandise is discovered the school or department should contact the vendor immediately to have the problem corrected.
4. Partial Shipments are when an order is received but **Not complete - (Partial)**
 - Verify which items were received.
 - Make note by **the items that were NOT received** on the purchase order as:
 - Back order
 - Contact vendor to get an expected delivery date on backordered items.
 - Have the items been canceled?
 - Were items damaged?
 - Were items returned?
 - Make a copy of the Green purchase order on white paper and write **PARTIAL**
 - Date the items received and sign the white partial
 - Attach all receiving documents, Packing Slips, Invoices, Receipts to the **PARTIAL** purchase order copy
 - Send the Partial purchase order and attachments to the business office.
5. Running PO's
 - Write on the front, left hand side, of the **YELLOW** copy of the purchase order the
 - Date
 - Invoice number
 - Description of items purchased
 - Invoice amount
 - Balance of purchase order
 - Make a copy of the green on **white** paper
 - Sign and date the day received
 - Write **PARTIAL** on the white copy
 - Attach invoice or receipt to the white copy of the purchase order
 - Send to Business Office for processing
 - **IMPORTANT: Additional funds cannot be added to a running purchase order. Running purchase orders will be closed when all funds on the PO are spent.**

When green purchase orders are received in the business office the purchase order is closed and remaining balance(s) are returned to the budget unit on the purchase order.

Payment:

The Prompt Payment Statute (Local Government Code 2251) requires school districts to pay for goods and services within 31 days of invoice date or the vendor is entitled to be paid interest on the overdue amount. This statute, effective September 1993, is now common knowledge among vendors who are aware of their right to be paid in a timely manner. One invoice in past due status can put an entire district on hold and suspend shipments from a vendor. CSISD depends on vendors to furnish products and services in a timely manner. It is our responsibility to pay these vendors in a timely manner.

Here is How:

- Go to your Amazon.com account. If you don't have one, create one but don't use your school email address.

- Make sure it is Public

The 'Choose a list type' section has three options: 'Shopping List' (Add items you want to shop for.), 'Wish List' (Let people know what gifts you'd like.), and 'Idea List' (Make a list for the Amazon community.). The 'Wish List' option is selected. Below this, there's a 'List name' field containing 'CAMPUS/DEPT FIRST INI LAST NAME'. To the right, the 'Privacy' section has 'Private' and 'Public' buttons, with 'Public' selected. A note below says: 'People who access your list will see your recipient name. To edit this information, go to Manage List on your list page.' Below that is a 'Recipient Name' field containing 'Carmella'. At the bottom right, there are 'Cancel' and 'Create List' buttons, with 'Create List' highlighted in yellow.

Revised Local Schedule SD – Effective May 23, 2018

Sarah Jacobson / May 23, 2018

A new edition of Local Schedule SD – **Records of Public School Districts** – is effective today, May 23, 2018. The revised schedule was published for adoption in the May 18, 2018 issue of the **Texas Register**. The new schedule supersedes the 2nd edition.

You can find the new edition on our **Local Retention Schedules page**. For your convenience, a marked up version of the 2nd edition is also available so you can see what revisions were made.

Do the new rules apply to records created before the effective date?

Yes, the new retention periods are retroactive. This means that all of your records, whether they were created before or after May 23, will be subject to the new retention rules.

What do we need to do?

If your government has adopted Local Schedule SD by submitting form SLR 508 (Declaration of Compliance with the Records Scheduling Requirement of the Local Government Records Act), you can begin following the new retention periods immediately. Be sure to notify any affected departments of this change.

If your government follows its own Records Control Schedule, you must either amend your schedule with the new retention periods (using forms SLR 540 and SLR 520) or adopt Local Schedule SD by submitting form SLR 508.

To download any of the above forms, go to: <https://www.tsl.texas.gov/slr/forms>.

What about TSLAC's other retention schedules?

We will be updating other retention schedules as revisions are necessary, so please stay up-to-date on future changes (and give feedback on proposed updates) by [subscribing](#) to The Texas Record.

LOCAL SCHEDULE SD

(Third Edition)

RETENTION SCHEDULE FOR RECORDS OF PUBLIC SCHOOL DISTRICTS

This schedule establishes mandatory minimum retention periods for records that are associated with Public School Districts. No local government office may dispose of a record listed in this schedule prior to the expiration of its retention period. A records control schedule of a local government may not set a retention period that is less than that established for the record in this schedule. Original paper records may be disposed of prior to the expiration of their minimum retention periods if they have been microfilmed or electronically stored pursuant to the provisions of the Local Government Code, Chapter 204 or Chapter 205, as applicable, and rules of the Texas State Library and Archives Commission adopted under those chapters. Actual disposal of such records by a local government is subject to the policies and procedures of its records management program.

Destruction of local government records contrary to the provisions of the Local Government Records Act of 1989 and administrative rules adopted under it, including this schedule, is a Class A misdemeanor and, under certain circumstances, a third degree felony (Penal Code, Section 37.10). Anyone destroying local government records without legal authorization may also be subject to criminal penalties and fines under the Public Information Act (Government Code, Chapter 552).

INTRODUCTION

The Government Code, Section 441.158, provides that the Texas State Library and Archives Commission shall issue records retention schedules for each type of local government, including a schedule for records common to all types of local government. The law provides further that each schedule must state the retention period prescribed by federal or state law, rule of court, or regulation for a record for which a period is prescribed; and prescribe retention periods for all other records, which periods have the same effect as if prescribed by law after the records retention schedule is adopted as a rule of the Commission. If applicable, the wording of the records series will match that of any federal or state law, rule of court, or regulation, and citation to law, rule, or regulation will be provided in the Remarks section.

Retention periods listed in this schedule apply to records in any medium. If records are stored electronically, they must remain available and accessible until the retention period assigned by this schedule, along with any hardware or software required to access or read them. Electronic records may include

electronic mail (e-mail), websites, electronic publications, or any other machine-readable format. Paper or microfilm copies may be retained in lieu of electronic records.

The use of social media applications may create public records. Any content (messages, posts, photographs, videos, etc.) created or received using a social media application may be considered records and should be managed appropriately. The retention of social media records is based on content and function. Local governments will need to consult the relevant records retention schedule for the minimum retention periods.

Unless otherwise stated, the retention period for a record is in calendar years from the date of its creation. The retention period applies only to an official record as distinct from convenience or working copies created for informational purposes. Where several copies are maintained, each local government should decide which shall be the official record and in which of its divisions or departments it will be maintained. Local governments in their records management programs should establish policies and procedures to provide for the systematic disposal of copies.

A local government record whose retention period has expired may not be destroyed if any litigation, claim, negotiation, audit, public information request, administrative review, or other action involving the record is initiated; its destruction shall not occur until the completion of the action and the resolution of all issues that arise from it.

A local government record whose retention period expires during any litigation, claim, negotiation, audit, public information request, administrative review, or other action involving the record may not be destroyed until the completion of the action and the resolution of all issues that arise from it.

If a record described in this schedule is maintained in a bound volume of a type in which pages were not meant to be removed, the retention period, unless otherwise stated, dates from the date of last entry.

If two or more records listed in this schedule are maintained together by a local government and are not severable, the combined record must be retained for the length of time of the component with the longest retention period. A record whose minimum retention period on this schedule has not yet expired and is **less than permanent** may be disposed of if it has been so badly damaged by fire, water, or insect or rodent infestation as to render it unreadable, or if portions of the information in the record have been so thoroughly destroyed that remaining portions are unintelligible. If the retention period for the record is **permanent** in this schedule, authority to dispose of the damaged record must be obtained from the Director and Librarian of the Texas State Library and Archives Commission. A Request for Authority to Destroy Unscheduled Records (Form SLR 501) should be used for this purpose.

Certain records listed in this schedule are assigned the retention period of AV (as long as administratively valuable). This retention period affords local governments the maximum amount of discretion in determining a specific retention period for the record described.

Local Schedule SD sets mandatory minimum retention periods for records series (identified in the Records Series Title column) commonly found in local education agencies other than state colleges and universities and junior colleges. Except as noted below, it is for the use of public school districts of all types, regional educational service centers, educational cooperatives for special education or other purposes, rehabilitation districts, county industrial training school districts, and county vocational districts.

Local Schedule SD is also for the use of **active** offices of county superintendents of schools and county departments of education. The retention periods for the records of **abolished** offices of county superintendents of schools, some of which may be in the custody of local education agencies, are given in Part 6 of Local Schedule CC (Records of County Clerks).

Use of Asterisk (*)

The use of an asterisk (*) in this revised third edition of Local Schedule SD indicates that the record is either new to the third edition, the retention period for the record has been changed for the record, or substantive amendments have been made to the description of or remarks concerning the record. An asterisk is not used to indicate minor amendments to grammar or punctuation.

RECORDS OF PUBLIC SCHOOL DISTRICTS

Retention Notes: a) OTHER SCHEDULES - This schedule should be used by public school districts, regional educational service centers, and other local education agencies (as defined on page 2) in conjunction with Local Schedule GR (Records Common to All Governments) and Local Schedule TX (Records of Property Taxation). In particular, many records maintained by public school districts are includable among the general administrative, financial, and personnel record series in Local Schedule GR, especially those relating to grant allocations, funding, and reporting. In any instances of conflict between retention periods established in this schedule and in Local Schedules GR or TX, the retention periods in this schedule shall prevail.

b) GRANT RECORDS - The 5-year retention period frequently established for records of school districts in this schedule and Local Schedule GR derives from federal requirements in, which declares the following: These requirements involve the retention of financial and programmatic records, including supporting documents, statistical reports, and other records pertinent to program regulations or the grant agreement relating to projects or programs funded by the U.S. Department of Education through subgrants using federal funds from the Texas Education Agency.

These federal regulations require that all records of the types mentioned must be available for audit for 3 years after the date of submission of the single or last expenditure report by the Texas Education Agency as subgrantor, **not** by the school district. Because final expenditure reports are submitted by the Texas Education Agency **after** all reports from districts are received, a 5-year retention period for many records of school districts is necessary to satisfy this requirement adequately.

If an audit is pending in which an expenditure or the eligibility of a student to participate in a federal program is questioned, then all records affecting the outcome of the audit must be retained until the audit is settled.

Copies of reports or records submitted to the Texas Education Agency must be retained by school districts in accordance with this schedule.

For additional information on grant records, see pages 20 and 21 of Local Schedule GR.

LOCAL SCHEDULE GR

(Revised Fifth Edition)

RETENTION SCHEDULE FOR RECORDS COMMON TO ALL LOCAL GOVERNMENTS

This schedule establishes mandatory minimum retention periods for records that are usually found in all local governments, regardless of type. No local government office may dispose of a record listed in this schedule prior to the expiration of its retention period. A records control schedule of a local government may not set a retention period that is less than that established for the record in this schedule. Original paper records may be disposed of prior to the expiration of their minimum retention periods if they have been microfilmed or electronically stored pursuant to the provisions of the Local Government Code, Chapter 204 or Chapter 205, as applicable, and rules of the Texas State Library and Archives Commission adopted under those chapters. Actual disposal of such records by a local government is subject to the policies and procedures of its records management program.

Destruction of local government records contrary to the provisions of the Local Government Records Act of 1989 and administrative rules adopted under it, including this schedule, is a Class A misdemeanor and, under certain circumstances, a third degree felony (Penal Code, Section 37.10). Anyone destroying local government records without legal authorization may also be subject to criminal penalties and fines under the Public Information Act (Government Code, Chapter 552).

INTRODUCTION

The Government Code, Section 441.158, provides that the Texas State Library and Archives Commission shall issue records retention schedules for each type of local government, including a schedule for records common to all types of local government. The law provides further that each schedule must state the retention period prescribed by federal or state law, rule of court, or regulation for a record for which a period is prescribed; and prescribe retention periods for all other records, which periods have the same effect as if prescribed by law after the records retention schedule is adopted as a rule of the Commission. If applicable, the wording of the records series will match that of any federal or state law, rule of court, or regulation, and citation to law, rule, or regulation will be provided in the Remarks section.

Retention periods listed in this schedule apply to records in any medium. If records are stored electronically, they must remain available and accessible until the retention period assigned by this schedule, along with any hardware or software required to access or read them. Electronic records may include electronic mail (e-mail), websites, electronic publications, or any other machine-readable format. Paper or microfilm copies may be retained in lieu of electronic records.

The use of social media applications may create public records. Any content (messages, posts, photographs, videos, etc.) created or received using a social media application may be considered records and should be managed appropriately. The retention of social media records is based on content and function. Local governments will need to consult the relevant records retention schedule for the minimum retention periods.

Unless otherwise stated, the retention period for a record is in calendar years from the date of its creation. The retention period, applies only to an official record as distinct from convenience or working copies created for informational purposes. Where several copies are maintained, each local government should decide which shall be the official record and in which of its divisions or departments it will be maintained. Local governments in their records management programs should establish policies and procedures to provide for the systematic disposal of copies.

A local government record whose retention period has expired may not be destroyed if any litigation, claim, negotiation, audit, public information request, administrative review, or other action involving the record is initiated; its destruction shall not occur until the completion of the action and the resolution of all issues that arise from it.

A local government record whose retention period expires during any litigation, claim, negotiation, audit, public information request, administrative review, or other action involving the record may not be destroyed until the completion of the action and the resolution of all issues that arise from it.

If a record described in this schedule is maintained in a bound volume of a type in which pages were not meant to be removed, the retention period, unless otherwise stated, dates from the date of last entry.

If two or more records listed in this schedule are maintained together by a local government and are not severable, the combined record must be retained for the length of time of the component with the longest retention period. A record whose minimum retention period on this schedule has not yet expired and is **less than permanent** may be disposed of if it has been so badly damaged by fire, water, or insect or rodent infestation as to render it unreadable, or if portions of the information in the record have been so thoroughly destroyed that remaining portions are unintelligible. If the retention period for the record is **permanent** in this schedule, authority to dispose of the damaged record must be obtained from the Director and Librarian of the Texas State Library and Archives Commission. A Request for Authority to Destroy Unscheduled Records (Form SLR 501) should be used for this purpose.

Certain records listed in this schedule are assigned the retention period of AV (as long as administratively valuable). This retention period affords local governments the maximum amount of discretion in determining a specific retention period for the record described.

Use of Asterisk (*)

The use of an asterisk in this edition of Local Schedule GR indicates that the record is either new to this edition, the retention period for the record has been changed, or amendments have been made to the description of or remarks concerning the record. An asterisk is not used to indicate minor amendments to grammar or punctuation.

The 2-year retention requirement does not override a longer retention requirement set elsewhere, but rather is meant to ensure that all documents presented for action by a governing body are retained at least two years. This schedule does not require that supporting documentation be maintained together, but the retention by the clerk or secretary to the governing body of one set of the documents submitted at each meeting (often called "council packets" in municipalities) for two years would ensure satisfaction of the minimum retention requirement. Clerks or secretaries to governing bodies should exercise caution in disposing of supporting documentation to avoid destruction of the record copy of a document for which they are custodian before the expiration of its retention period.</p> <p>b) Review before disposal; some supporting documentation, not already required to be maintained PERMANENTLY elsewhere in this or other commission schedules, may merit PERMANENT retention for historical reasons.</p>

PART 2: FINANCIAL RECORDS

Retention Notes: a) AUDIT REQUIREMENTS - Most local governments are required by state law to conduct annual or biennial audits of their records and accounts. These audit requirements were taken into account in setting the retention periods in this schedule. The following retention rules also apply:

- 1) In any local government for which there is no statutory audit requirement and audits are conducted irregularly or in a local government in which a statutorily required audit is delayed, any record in this schedule whose retention period dates from the end of a fiscal year (FE) must be retained for the retention period stated or one year after audit, whichever later.

2) With regard to any special fund of a local government or elective county office for which there is no statutory audit requirement and the fund is not audited, any records listed under item numbers GR1025-26, GR1025-27, GR1025-28, and GR1025-30 associated with receipts and disbursements from or to the fund must be retained for FE + 10 years.

b) GRANT OR LOAN RECORDS - Subsections (1)-(3) apply to any local government, except school districts, receiving federal, state, or private grants; subsection (4) applies to school districts only. If a grant or loan requires a longer retention period than those stated in this schedule, the associated records must be retained for the full retention period required by the terms of the grant or loan.

1) Direct Federal Grants - This subsection applies to grants received by a local government **directly** from a federal grantor agency.

i) Federal grantor agencies require that grant-related records be retained for audit purposes for 3 years from the filing of required expenditure reports.

ii) In addition to item number GR1025-08(a)-(b), financial and programmatic records of grant-funded projects, including copies or documentation of relevant accounting, banking, purchasing, and payroll records, and other documents and working papers associated with the financial and programmatic administration of the grant funds or used to prepare reports or forms required by federal law or regulation must be retained for the following periods:

(A) For grants continued or renewed annually or at other intervals except quarterly that are not part of a multi-year funding cycle - 3 years from the date of submission of the annual or other periodic expenditure report.

B) For grants continued or renewed annually or at other intervals except quarterly that are a part of a multi-year funding cycle – 3 years from the date of submission of the annual or other periodic expenditure report for the final reporting period of the grant cycle.

C) For grants continued or renewed quarterly - 3 years from the date of submission of the expenditure report for the last quarter of the federal fiscal year.

D) For grants for which the requirement of a final expenditure report has been waived - 3 years from the date the report would have been due.

E) For all other grants – 3 years from the date of submission of the final expenditure report.

iii) The retention periods for the following types of records are exceptions to the periods noted above:

A) Records of non-expendable property or equipment acquired with grant funds - 3 years from the date of transfer, replacement, sale, or junking of the item.

B) Cost allocation plans and indirect cost records - 3 years from date of submission or, for plans prepared and retained by the grantee, from the close of the fiscal year covered by the plan.

C) Income records - 3 years from the end of the fiscal year in which the income is used.

iv) If any litigation or audit commences before the expiration of the 3-year period, the records must be retained until all litigation or audit findings are resolved or until the end of the regular 3-year period, whichever is later.

v) If records are transferred to the grantor agency at its request, copies of the records need not be retained.

2) Indirect Federal Grants - This subsection applies to federal grants received as subgrants from state agencies or other local governments (e.g., regional councils of government).

The expenditure reports are submitted to the federal agency by the state or local subgrantor agency after all subgrantees have submitted reports to the subgrantor. Consequently, records under item number GR1025-08(a)-(b) and records described in section (b) (1) must be retained by local government subgrantees for FE + 5 years. Local governments should consult with the state or local subgrantor agency to determine if there are additional or special requirements associated with a particular grant.

The local government must retain copies of reports or records submitted to the subgrantor agency for the periods indicated.

3) State and Private Grants - This schedule extends the 3-year federal retention requirement described in section (b)(1) to state (excluding federal subgrants) and private grant records unless the state or private grantor agency has established different retention requirements, in which case those requirements shall prevail. It is an exception to the extension of federal grant requirements to state and private grants that for state or private grants renewed quarterly as described in section (b) (1) (ii) (B), the 3-year retention requirement runs from the date of submission of the expenditure report for the last quarter of the state fiscal year for state grants and from the last quarter of the local government's fiscal year for private grants.

4) Grant Records and School Districts (including Educational Service Centers) - See Local Schedule SD (Records of Public School Districts). Because of the difficulty of effectively separating financial data that evidence the expenditure of federal funds from those that document the expenditure of local or state-allocated funds, a 5-year retention period has been adopted for most financial records of school districts. The use of the term "school district" in this schedule includes educational service centers, charter schools, county departments of education, and educational cooperatives.

PART 3: PERSONNEL AND PAYROLL RECORDS

Retention Notes: a) FEDERAL RETENTION REQUIREMENTS - Federal retention periods for personnel and payroll records arise principally from the administration of the Civil Rights Act of 1964, Title VII; the Age Discrimination and Employment Act of 1967; the Equal Pay Act; the Fair Labor Standards Act; the Federal Insurance Contribution Act; and the Federal Unemployment Tax Act. Various federal agencies or departments of agencies administer these acts and, because retention periods are set to enable each agency to carry out its particular oversight authority, different retention periods are often established for the same record. In compiling Schedule GR, the longest applicable federal retention period is cited as authority for the retention period indicated. A federal regulation is not cited if a state law or regulation requires a longer retention period. A federal retention period is also not cited if a Texas statute of limitations makes a longer retention period advisable. For example, the federal retention requirement for employment contracts [see item number GR1050-15(a)] is given as 3 years from the last effective date of the contract in 26 CFR 516.5, but suits in Texas may be brought by either party to such a contract within four years of the occurrence of an alleged breach; therefore a retention period of 4 years from the last effective date of the contract is set in this schedule. All retention periods in this part apply, by authority of this schedule, to all local governments, although some of them may be otherwise exempt from the federal requirement cited. This provision does not require the creation by exempted local governments of any special documentation demonstrating compliance with federal regulations that may be required of non-exempted governments.

b) PERSONNEL FILES - The individual employee personnel file is not scheduled as a unit in this section; documents normally placed in such files are scheduled separately.

c) TERMINATED EMPLOYEES - Notwithstanding any retention periods in this part, all personnel records existing on the date of termination of an involuntarily terminated employee must be retained for 2 years from the date of termination [29 CFR 1602.31, 1602.40, and 1602.49].

d) JTPA AND CETA EMPLOYEES - Any records maintained on applicants for or holders of positions paid in whole or in part from Comprehensive Employees' Training Act (CETA) funds or affirmative action apprenticeship program funds administered by the U. S. Department of Labor must be retained for 5 years from the date of enrollment in the program [29 CFR 30.8(e)]. This 5-year retention period is extended by authority of this schedule to comparable records on applicants for or holders of positions paid in whole or in part from Job Training Partnership Act (JTPA) funds.

e) DEFINITION OF EMPLOYEE - For the purposes of this part, the term "employee" also includes elected or appointed officials of a local government who are paid wages or a salary from any funds of the local government and anyone voluntarily working or not receiving payment or compensation for working.

f) PERSONNEL RECORDS IN SHERIFF'S DEPARTMENTS IN CERTAIN COUNTIES - The Local Government Code, Section 157.904, provides that sheriff's departments in counties with a population of 3.3 million or more shall maintain "a permanent personnel file on each department employee." The precise contents of a personnel file are not specified, but three groups of records are expressly mentioned. Consequently, any record in item numbers GR1050-03, GR1050-07, and GR1050-21, all of which are records of a type mentioned in the statute, must be retained permanently. The sheriffs and their legal counsel should determine what other records may be includable in a permanent personnel file in sheriffs' departments subject to the law.

PART 5: INFORMATION TECHNOLOGY RECORDS

Retention Notes: (a) This part establishes retention periods for records essential to the creation, maintenance, and use of electronic records (information recorded in a form for computer processing including data, graphics, digital images, multi-media records, etc.) and records related to computer operations/technical support not covered elsewhere in this schedule. Records in this part may be maintained on whatever medium is appropriate including electronic (on-line, magnetic tape, optical disk, CD-ROM, etc.), paper, and microform.

(b) Other types of records may be maintained electronically that are listed elsewhere in this schedule, such as administrative, fiscal, personnel, and support services records, or in other specialized schedules adopted by the Texas State Library and Archives Commission, such as Local Schedule PS (Records of Public Safety Agencies), Local Schedule HR (Records of Public Health Agencies), etc. The retention period for those electronic records will be as specified under the appropriate records series item number according to the function of the information. For example, if an electronic system were used to maintain encumbrance and expenditure reports, the retention period for these electronic records would be 2 years as specified in item number 1025-04(d). Retention requirements apply to records maintained on all types of electronic systems including mainframe, minicomputer, microcomputer, local-area-network based systems, etc.

(c) Administrative rules of the Texas State Library and Archives Commission (13 TAC 7.71-7.79) require that retention procedures for electronic records with an approved retention of 10 years or more must include provisions for scheduling the disposition of the electronic records as well as related software, documentation, and indexes; and for regular recopying, reformatting, and other necessary maintenance or conversion activities to ensure the retention and stability of electronic records until the expiration of their retention periods.

(d) If automated information is copied to paper or microform to create the official record, the electronic files do not have to be maintained for the full retention period of the record. The added value of electronic files for facilitating retrieval, making queries, providing for automated audit trails, etc., should be carefully reviewed prior to destruction of the electronic files even though there is an official record in another medium.

Until electronic records are transferred to and made usable in a new system environment, or the files have met a retention period established in this or other commission schedule, whichever sooner.	Retention Notes: a) The need to retain "snapshots" of some continuing information systems or databases should be carefully evaluated. For example, if a Geographic Information System has only current mapping information, historical versions of zoning changes would need to be maintained for long-term legal and historical value. b) Records managers should ensure that snapshots which support records on this or other commission schedules are retained for the full retention period of the records they support.

Retention Note: Routine or benchmark files used to test system performance and files which facilitate processing of a particular job or system run, but which do not add to, delete from, or substantially modify information in an information system or database need be retained only as long as administratively valuable.
*GR5800-06	SOFTWARE PROGRAMS	Automated software applications and operating system files including job control language, etc.	Until electronic records are transferred to and made usable in a new software environment, or there are no electronic records being retained to meet an approved retention period that require the software to be retrieved and read. Until electronic records are transferred to and made usable in a new hardware or software environment with new documentation, or there are no electronic records being retained to meet an approved retention period that require the documentation to be retrieved and read.	Retention Note: If the retention period of electronic records is extended to meet requirements of an audit, litigation, open records action, etc. any technical documentation required to retrieve and read the records must also be retained for the same period.
*GR5800-09	AUTOMATED PROGRAM LISTING / SOURCE CODE	Automated program code and builds which generate the machine-language instructions used to operate software programs.	Until superseded or software program no longer used, whichever sooner.

EDUCATION DEPARTMENT GENERAL ADMINISTRATIVE REGULATIONS (EDGAR)

For all purchases with federal grants, the district shall comply with the federal regulations, EDGAR related to the purchasing of goods and services ([2 CFR 200.317-200.327](#)). If the EDGAR regulations below conflict with State laws or regulations the more restrictive policy must be followed. Violation of procurement law can result in contract being void, initiate protest from vendors, litigation, repayment of federal funds and criminal penalties for the employees involved. All federal fund purchases must be aggregated by fiscal year by Commodity Code/Like Type Item. 2 CFR §200.320 officially sets the micro-purchase threshold at \$10,000 in the aggregate across all federal grant programs for the fiscal year. It also allows the LEA to self-certify a higher micro purchase threshold of up to \$49,999 if the LEA meets either of the following criteria: is a low-risk auditee for their most recent federal audit, or conducts an annual internal risk assessment to identify, mitigate, and manage financial risk. Due to state Financial Accountability System Resource Guide (FASRG) rules, the LEA may only self-certify a threshold up to \$49,999. The LEA must determine the local threshold based on internal controls, risk, and documented procedures. The Business Office self-certifies the micro-purchasing threshold annually at FYE based the above requirements. Effective, 9/1/2022 the district self-certified the micro-purchase threshold at \$49,999.00.

Types of EDGAR Purchases

- **Micro Purchase under \$49,999.00-** Quotations not required but recommended to obtain the best value. Distribute equitably among qualified sources. Vendor must sign EDGAR Proposer/Vendor Certification Form and Conflict of Interest Questionnaire. All federal fund purchases must be aggregated by fiscal year by Commodity Code/Like Type Item. EDGAR 200.320(a).
- **Small Purchase \$25,001-\$49, 999 in the aggregate-** two quotes from qualified sources; selected vendor must sign EDGAR Proposer/Vendor Certification Form and Conflict of Interest Questionnaire. Attach both quotes to the requisition. If selecting the item with a higher cost, then provide an explanation why. 200.320(b)
- **Competitive Bid \$50,001-\$250,000 in the aggregate-** Default to State Rules 44.031 because it is more restrictive. Formal sealed bid or proposal publicly advertised by the Purchasing Department or the use of a purchasing cooperative bid. Board approval required. If using federal funds 2 quotes are required once the Commodity Code/Like Type Item reaches \$50,000.
- **Simplified Acquisition Threshold \$250,000+ in the aggregate-** Formal sealed bid, proposal or Request for Qualifications publicly advertised by the Purchasing Department. An **Independent Estimate form** must be completed prior to procurement and a **Cost/Price Analysis form** must be completed by the Purchasing Department following the procurement to document that each selected vendor's offered price was fair and reasonable.
- **Non-Competitive (Sole Source) -** purchase of goods or services from a "sole source vendor". A sole source vendor is defined as a vendor that meets the following requirements:
 - The goods or services are only available from a single source. The district shall acquire and maintain a copy of a vendor's sole source letter which specifies the statutory or other reason for its sole source status

- A public exigency or emergency will not permit a delay resulting from the competitive solicitation process. The board shall declare an emergency prior to making such purchase
- The granting agency or pass-through entity authorized the use of a non-competitive proposal method. District shall obtain written approval/authorization form from the granting agency or pass-through entity (TEA Division of Grants Administration)
- After solicitation of a number of sources, competition is determined to be inadequate based on only one responsive vendor
- Requires approval from TEA.
- **Professional Services (2 CFR 200.459)**
 - Costs of professional and consultant services rendered by persons who are members of a particular profession or possess a special skill, and who are not officers or employees of the non-Federal entity, are allowable, subject to [paragraphs \(b\) and \(c\)](#) of this section when reasonable in relation to the services rendered and when not contingent upon recovery of the costs from the Federal Government. In addition, legal and related services are limited under [§ 200.435](#).
 - EDGAR requires that the district select contractors based on the reasonableness of the fee, the necessity of the service, the qualifications of the contractor and other criteria.
 - Firm must provide a Statement of Qualifications with the proposal to the Grant Manager for approval prior to the creation of an agreement or purchase order
 - Staff or professional development may be considered a professional service. Grant Manager must furnish documentation of the trainer's particular skills in providing the specific training or staff development being requested.
 - Contracted Services by Education Service Center (ESC) - generally not considered professional services.

COLLEGE STATION ISD INDEPENDENT ESTIMATE DETERMINATION

Purpose: Federal regulations require documentation of cost analysis or price analysis for every procurement action at or above \$250,000. As part of the analysis, the regulations require documentation of an independent estimate reached before receiving bids or proposals (see 2 C.F.R. § 200.323) or before receiving quotes or proposals from other governmental entities through an interlocal contract or a purchasing cooperative (see 2 C.F.R. § 200.318 (e)). The form is kept as part of the procurement file along with the cost or price analysis, which is conducted after receiving proposals but before awarding a contract, to demonstrate that the procurement process was conducted in an open and fair manner and that CSISD received the most advantageous price.

3. Sign in blue ink and date the form.
4. Maintain a copy in the procurement/contract file along with the cost or price analysis (as completed before contract award), subject to retention schedules.

*Competitive
Sealed Proposals*

In selecting a vendor through competitive sealed proposals as authorized by Education Code 44.031(a)(2), a district shall follow the procedures prescribed below.

Request for
Proposals

The district shall prepare a request for competitive sealed proposals that includes information that vendors may require to respond to the request. The district shall state in the request for proposals the selection criteria that will be used in selecting the successful offeror.

Opening
Proposals

The district shall receive, publicly open, and read aloud the names of the offerors and, if any are required to be stated, all prices stated in each proposal. Not later than the 45th day after the date on which the proposals are opened, the district shall evaluate and rank each proposal submitted in relation to the published selection criteria.

Selection

The district shall select the offeror that offers the best value for the district based on the published selection criteria and on its ranking evaluation. The district shall first attempt to negotiate a contract with the selected offeror. The district may discuss with the selected

offeror options for a scope or time modification and any price change associated with the modification. If the district is unable to negotiate a satisfactory contract with the selected offeror, the district shall, formally and in writing, end negotiations with that offeror and proceed to the next offeror in the order of the selection ranking until a contract is reached or all proposals are rejected.

In determining the best value for the district, the district is not restricted to considering price alone but may consider any other factors stated in the selection criteria.

Education Code 44.0352

*Interlocal
Contracts*

“Interlocal contract” means a contract or agreement made under Government Code Chapter 791 (Interlocal Cooperation Act). A district may contract or agree with another local government or a federally recognized Indian tribe, as listed by the U.S. secretary of the interior under 25 U.S.C. 479a-1, whose reservation is located within the boundaries of this state to perform governmental functions and services in accordance with Government Code Chapter 791. A district may agree with another local government and with the state or a state agency, including the comptroller, to purchase goods and services. *Gov’t Code 791.003(2), .011(a), .025(a)*

An interlocal contract must:

1. Be authorized by the governing body of each party to the contract;
2. State the purpose, terms, rights, and duties of the contracting parties; and
3. Specify that each party paying for the performance of governmental functions or services must make those payments from current revenues available to the paying party.

An interlocal contractual payment must be in an amount that fairly compensates the performing party for the services or functions performed under the contract. An interlocal contract may be renewed. Notwithstanding item 2 above, an interlocal contract may have a specified term of years.

Gov’t Code 791.011(d)–(f), (i)

A district may agree with another local government, including a nonprofit corporation that is created and operated to provide one or more governmental functions and services, or with the state or a state agency, including the comptroller, to purchase goods and any services reasonably required for the installation, operation, or

maintenance of the goods. This provision does not apply to services provided by firefighters, police officers, or emergency medical personnel. *Gov't Code 791.025(b)*

A district that purchases goods and services under Government Code 791.025 satisfies the requirement to seek competitive bids for the purchase of the goods and services. *Gov't Code 791.025(c); Atty. Gen. Op. JC-37 (1999)*

Reverse Auction

A district that uses the reverse auction procedure must include in the procedure a notice provision and other provisions necessary to produce a method of purchasing that is advantageous to the district and fair to vendors. *Local Gov't Code 271.906(b)*

“Reverse auction procedure” means:

1. A real-time bidding process usually lasting less than one hour and taking place at a previously scheduled time and internet location, in which multiple suppliers, anonymous to each other, submit bids to provide the designated goods or services; or
2. A bidding process usually lasting less than two weeks and taking place during a previously scheduled period and at a previously scheduled internet location, in which multiple suppliers, anonymous to each other, submit bids to provide the designated goods or services.

Site-Based
Purchasing

If a purchase is made at the campus level in a district with a student enrollment of 180,000 or more that has formally adopted a site-based decision-making plan under Education Code Subchapter F, Chapter 11 [see BQ series], that delegates purchasing decisions to the campus level, Education Code 44.031 applies only to the campus and does not require the district to aggregate and jointly award purchasing contracts. A district that adopts site-based purchasing under this provision shall adopt a policy to ensure that campus purchases achieve the best value to the district and are not intended or used to avoid the requirement that a district aggregate purchases under Education Code 44.031(a). *Education Code 44.031(m)*

Preferences will be applied in accordance with state procurement statutes and rules. *30 TAC 328.203*

Subchapter K of 30 Administrative Code (Governmental Entity Recycling and Purchasing of Recycled Materials) does not apply to a district with a student enrollment of less than 10,000 students. *30 TAC 328.204(a)*

This requirement does not apply to a contract involving federal funds. A district shall use the information published by the comptroller under Government Code 2252.003 (Publication of Other State’s Laws on Contracts) to evaluate the bid of a nonresident bidder. Payment Option**

A district may requisition and receive state-adopted instructional materials before allotment funds for those materials are available. The total cost of delayed-payment-option materials requisitioned may not exceed 80 percent of the district's expected allotment for the subsequent biennium.

When a district submits a requisition for instructional materials under this provision, the Texas Education Agency (TEA) will expend a district's existing allotment balance before applying the delayed payment option. TEA will make payment for any remaining balance for a district's order as the allotment funds become available and will prioritize payment for requisitions over reimbursement of purchases made directly by a district.

The commissioner shall ensure that publishers of instructional materials are informed of any potential delay in payment and that payment is subject to the availability of appropriated funds. Publishers may decline orders for which payments could be delayed. A publisher's decision to decline an order shall affect all of that publisher's orders for which payments could be delayed. Publishers may not selectively decline individual orders or orders from individual districts. Government Code Chapter 2251 does not apply to requisitions under this provision.

Education Code 31.0215; 19 TAC 66.1312

Allotment
Adjustment

*Change in
Enrollment*

Not later than May 31 of each school year, a district may request that the commissioner adjust the number of students for which the district is entitled to receive an allotment on the grounds that the number of students attending school in the district will increase or decrease during the school year for which the allotment is provided. The commissioner may also adjust the number of students for which a district is entitled to receive an allotment, without a request by the district, if the commissioner determines a different number of students is a more accurate reflection of students who will be attending school in the district. The commissioner's determination is final. *Education Code 31.0211(e)*

*High Enrollment
Growth*

Each year the commissioner shall adjust the instructional materials and technology allotment of districts experiencing high enrollment growth. *Education Code 31.0214(a)*

High-enrollment growth adjustments will be based on the difference between the district's percentage of enrollment growth and that of the state. Enrollment growth calculations will be determined each fiscal year based on fall Texas Student Data Systems Public Education Information Management System (TSDS PEIMS) enrollment data. The amount of the adjustment determined by the commissioner is final and may not be appealed.

If sufficient funds are available, high-enrollment growth adjustments will be granted once each fiscal year. Notwithstanding this, a district that experiences an unexpected growth:

1. Of at least two percent due to a natural or man-made disaster or catastrophic event may apply for additional funding at any time during a fiscal year.
2. In its bilingual population of at least ten percent in any school year may apply for additional bilingual funding at any time during a fiscal year.

Any additional funding will be dependent on the availability of funds.

**Instructional
Materials and

A district may also use funds in the district's account to purchase electronic instructional materials or technological equipment. The district shall submit to the commissioner a request for funds for this purpose from the district's account in accordance with the commissioner's rules.

Money deposited in a district's instructional materials and technology account during each state fiscal biennium remains in the account and available for use by the district for the entire biennium. At the end of each biennium, a district with unused money in the district's account may carry forward any remaining balance to the next biennium.

Education Code 31.0212

The allotment for each biennium will be made available for district use through the state's online instructional material ordering system (EMAT) as early as possible in the fiscal year preceding the beginning of the biennium for which the funds have been appropriated. A district may access its allotment for any upcoming school year upon completion of:

1. Submission to the commissioner certification that:
 - a. The district has instructional materials that cover all the required Texas essential knowledge and skills (TEKS), except those for physical education, as required by Education Code 31.004 [see Certification of Instructional Materials, below]; and
 - b. The district has used its allotment for only the allowable expenditures [see Permitted Expenditures and Certification of Allotment Use, above]; and
2. Preparation by TEA of EMAT for the new school year with the new allotment amounts.

Upon completion of these requirements, a district may access its funds by correctly providing all information required in EMAT.

Special Instructional Materials

All laws and rules applying to instructional materials provided to students with no disabilities that are not in conflict with Education Code 31.028 or 19 Administrative Code 66.1311 shall apply to the distribution and control of special instructional materials. Special instructional materials include braille, large-print, and audio books and any other formats designed specifically to provide equal access to students with disabilities.

Requisitions for special instructional materials shall be based on actual student enrollment but may include up to two copies per student if necessary to meet individual need.

Special instructional materials are the property of the state. A district is responsible for replacing or reimbursing the state for lost, stolen, or damaged special instructional materials.

For Teachers

The materials are to be loaned to the district as long as needed and are to be returned to the state when they are no longer needed.

Adopted instructional materials in a specialized format that are requested by a parent with a print disability shall be furnished without cost by the state. Requests for electronic files shall be filled by TEA after the parent signs and TEA receives a statement, through the district, promising that the parent will safeguard the security of the files and observe all current copyright laws, including those that forbid reproduction of the files and their transfer to other parties. Bilingual Instructional Materials

A district shall purchase with its allotment or otherwise acquire instructional materials for use in bilingual education classes. The commissioner shall determine the amount of the allotment for bilingual education based on TSDS PEIMS bilingual enrollment data from the fall collection of the school year preceding the first year of each biennium. *Education Code 31.029; 19 TAC 66.1307(c)*

Certification of Instructional Materials

Prior to the beginning of each school year, a district shall submit to the SBOE and commissioner certification that for each subject in the required curriculum under Education Code 28.002, other than physical education, and each grade level, the district provides each

student with instructional materials that cover all elements of the essential knowledge and skills adopted by the SBOE for that subject and grade level. The certification shall be submitted in a format approved by the commissioner and can be based on both state-adopted and non-state-adopted materials.

To determine whether each student has instructional materials that cover all elements of the essential knowledge and skills, a district may consider:

1. Instructional materials adopted by the SBOE;
2. Materials adopted or purchased by the commissioner under Education Code 31.0231 or Education Code Chapter 31, Subchapter B-1;
3. Open education resource instructional materials submitted by eligible institutions and adopted by the SBOE;
4. Open education resource instructional materials made available by other public schools;

Ownership

Except as otherwise provided, a student must return all instructional materials to the teacher at the end of the school year or when the student withdraws from school. At the end of the school year for which open education resource instructional material that a district does not intend to use for another student is distributed, the printed copy of the open education resource instructional material becomes the property of the student to whom it is distributed.

This provision does not apply to an electronic copy of open education resource instructional material.

Education Code 31.104(c), (g)–(h); 19 TAC 66.107(b)

Responsibility for Instructional Materials and Equipment

Each student or the student's parent or guardian is responsible for all instructional material and technological equipment not returned in an acceptable condition by the student. A student who fails to return in an acceptable condition all instructional materials and technological equipment forfeits the right to free instructional materials

and technological equipment until all instructional materials and technological equipment previously issued but not returned in an acceptable condition are paid for by the student, parent, or guardian.

As provided by board policy, a district may waive or reduce the payment required if the student is from a low-income family. [See FP] The district shall allow the student to use instructional materials and technological equipment at school during each school day.

If instructional materials or technological equipment is not returned in an acceptable condition or paid for, a district may withhold the student's records. A district may not prevent the student from graduating, participating in a graduation ceremony, or receiving a diploma. [See FL and GBA regarding student and parental right to access records; and FD, FFAB, and FL regarding a district's duties to provide records to another district]

The board may not require an employee of the district who acts in good faith to pay for instructional materials or technological equipment that is stolen, misplaced, or not returned by a student. [See DG]

These provisions do not apply to an electronic copy of open education resource instructional material.

COLLEGE STATION I.S.D.

1. PURCHASING POLICIES AND PROCEDURE MANUAL

- 1.1. The purpose is to establish uniform policies and procedures for the procurement of goods and services that is consistent with Texas Education Code 44.031, Government Code Ch. 2267, EDGAR 2 CFR 200.317-200.327 and policies of College Station I.S.D. (CSISD)
- 1.2. For all purchases with federal grants, the district shall comply with the federal regulations, EDGAR related to the purchasing of goods and services (2 CFR 200.317-200.327) effective September 1, 2018. This does not apply to other procedures required by EDGAR.
- 1.3. The objective of this policy and procedure is to provide a process to purchase products, material and services from the most responsive bidder that is within statutes and polices.
- 1.4. The scope for this procedure applies to all goods and service purchases and related activities.

It is the individual responsibility of each employee involved in the procurement process to understand the policies upon which these procedures are based, the meaning, and intent of the procedure themselves.

If there are any questions or concerns relative to either the policies or procedures, or the ability of the employee to respond effectively to the requirements of the procedures, then it is the responsibility of the employee to bring such matters to the attention of their immediate supervisor before any action is taken.

The fundamental purpose of these procedures is not to restrict the effectiveness of the individuals involved in the procurement of personal property, but to provide a foundation for effective, consistent, procurement practices that result in a positive, professional relationship between the district and the vendors who serve CSISD.

2. PURCHASING AUTHORITY

2.1 Statutory Authority

2.1.1. Statutes containing requirements for competitive procurement for school districts are found in the Texas Education Code, Local Government Code, Government Code, Texas Revised Civil Statutes, Texas Attorney General Opinions, federal regulations, and other sources. These various statutes are too numerous to cite in this manual, but the primary legal reference for purchasing laws in Texas is found in Texas Education Code 44.031 through 44.041 and 2267.

2.2. Local Policy

- 2.2.1. School Board Policies related to purchasing authority are found in Board Policy CH (Local)
- 2.2.2. The Superintendent or designee has the authority to determine the method of purchasing to be used, in accordance with state law, and to make budgeted purchases unless state law requires the Board of Trustees to make or approve a purchase.
- 2.2.3. The Superintendent has delegated purchasing authority to the Purchasing Department. The Business Office verifies availability of funds, and the Purchasing Director reviews purchase orders for accuracy and completeness, proper signatures, and approves purchase orders. In the absence of the Purchasing Director, or in addition to, the Chief Financial Officer may also approve purchase orders.
- 2.2.4. In all cases, purchase commitments shall be made on a properly drawn and issued purchase order in accordance with administrative procedures outlined in this manual. The Board of Trustees or the District shall not be responsible for debts incurred by persons or organizations not directly under Board control. Persons making unauthorized purchases shall assume full responsibility for all such debts. Further the District shall not be responsible for unauthorized shipment of goods or delivery of services by a vendor, which are not the result of having received a bona fide purchase order from the district.

3. PURCHASING ETHICS

- 3.1. The competitive nature of the purchasing function and the expenditure of significant public funds require that ethical standards be incorporated into the foundation of all purchasing functions. School district staff face the difficult task of developing good vendor relations and encouraging vendor competition while avoiding even the appearance of favoritism or other ethical misconduct.

3.2. Common Standards of Ethics

3.2.1. It is a breach of ethics:

- To attempt to realize gain in making purchases in the course of District employment.
- To attempt to influence any public employee of a school district to breach the standards of ethics set forth herein;
- For any employee of the school district to participate directly or indirectly in a procurement when the employee knows that:
 - The employee or the employee's immediate family has a financial interest pertaining to the procurement; or
 - A business or organization in which the employee, or any member of the employee's immediate family, has a financial interest pertaining to the procurement; or
 - Any other person, business, or organization with whom the employee or any member of the employee's family is negotiating or has an arrangement concerning prospective employment is involved in the procurement.
- For a Board Member or other official who has a substantial interest in a procurement to discuss or participate in a decision regarding the award of a procurement to discuss or participate in a decision or participate in a decision regarding the award of a procurement contract (See local Government Code, Chapter 171). In addition, the Board Member should disclose the substantial interest by filing a Conflict-of-Interest Disclosure with the District.
- To offer, give, or agree to give any employee or former employee, or for any employee or former employee to solicit, demand, accept or agree to accept from another person, a gratuity, offer of employment or anything of value in connection with any decision, approval, disapproval, recommendation, or any other purchasing decision.

- For any payment or gratuity to be made or on behalf of a vendor, or accepted by a District employee or Board Member, as an inducement for the award of a contract or purchase order. Acceptance of gratuities may be construed as a criminal offense.

3.3 Impermissible Purchasing Practices

3.3.1. Employees, in an effort to get the job done successfully and on time, may be tempted to circumvent policies, procedures, and laws, or to make liberal interpretations thereof. Such activity well intentioned will cause ethical problems. The following practices are specifically prohibited as means to circumvent competitive purchasing requirements:

- **Sequential Purchasing** – Circumventing bid or proposal laws by spreading purchases over time that normally would be purchased at the same time.
- **Component Purchasing** – Circumventing bid or proposal laws by purchasing component parts of an item that would normally be purchased as a single item or unit.
- **Separate Purchasing** – Circumventing bid or proposal laws by issuing separate orders or contracts that would normally be single order or contract.

3.4. Penalties

3.4.1. State law relating to violation of purchasing requirements imposes upon violators certain criminal penalties which are found in Section 44.032, Texas Education Code, and Chapter 271, Local Government Code.

3.4.2. An officer, employee, or agent of a school district commits an offense if the person with criminal negligence makes or authorizes separate, sequential, or component purchase to avoid competitive procurement requirements. An offense under this subsection is a class B misdemeanor and is an offense involving moral turpitude.

3.4.3. An officer, employee, or agent of a school district commits an offense if the officer or employee knowingly violates Section 44.031. An offense under this subsection is a class C misdemeanor.

3.4.4. The final conviction of an employee for an offense under section 44.031 (a) or (b) may result in immediate removal from employment. A trustee who is convicted of an offense under this section is considered to have committed official misconduct and is subject to removal from office.

For four years after the date of the final conviction, the removed person may be ineligible to be a candidate for or to be appointed or elected to a public office in this state or is ineligible to be employed by or act as an agent for the state or a political subdivision.

3.4.5 Violation of federal procurement law can result in the contract being voided, complaints from vendors, costly litigation, repayment of federal funds and criminal penalties for the employees involved.

4. PREPARATION AND CONTROL OF PURCHASE ORDERS

4.1 Any district or campus administrator, or designee may initiate requisitions. The district or campus administrator with the campus or organization budgetary control or designee must approve requisitions. Requisitions will be reviewed, and purchase orders printed and issued approximately within twenty-four hours after receipt. A requisition does not become a purchase order until it has been properly approved and issued as described in 4.2. Purchases that require formal advertisement and/or acquisition through a competitive procurement method (i.e., purchases more than \$50,000) may require four to six weeks due to development of a proposal/bid document, advertising time, and perhaps Board approval.

4.2 Requisitions / Purchase Order Flow

4.2.1. Originator prepares requisition, which must be completed in its entirety. Including attachments.

4.2.2. Originator forwards requisition to campus or department administrator/designee for approval.

- 4.2.3. The campus or department administrator or designee will approve the requisition in eFinance.
- 4.2.4. A Purchasing Specialist will review, and approve or deny the requisition, and print purchase order, and forward to the Purchasing Director or designee for approval of purchase orders over \$500, after attaching any necessary EDGAR paperwork and debarment information. At this step, the purchase order is reviewed to be sure that an awarded vendor has been selected, and to verify that competitive procurement procedures (if applicable) or local procurement policies have been observed.
- 4.2.5. The purchase order is returned to the Purchasing Specialist for distribution, i.e., original to vendor, copies to originator, file, etc.
- 4.3. Emergency Purchases
 - 4.3.1. Emergency purchases are those issued verbally, or “walked through” when a situation arises that justifies immediate purchase authority.
 - 4.3.2. Special handling for purchases interrupts the normal flow of business and is a very inefficient use of time. Only bona fide emergencies are exceptions to normal procedure. An emergency is defined as an event that may endanger health or well-being, or an event that may cause a substantial disruption of the educational process.
 - 4.3.3. The emergency must be discussed with and approved by the Chief Financial Officer and requires board approval.
- 4.4. Blanket Purchase Orders
 - 4.4.1. Blanket purchase orders are generally issued to a particular vendor to cover multiple, small dollar amount purchases, which are needed over a period of time. The items purchased are usually needed “on the spot”. A blanket purchase order works much like a charge account with a specific limit on a dollar volume that can be purchased over the period, and/or a limit to the duration of the purchase order, a month, for example.

4.4.2. Blanket purchase order vendors should be selected using competitive procurement methods through catalog discount, or percent off list price arrangement. Competitive procurement is required if the anticipated dollar volume during a twelve-month period exceeds \$50,000.

4.4.3. Use the following procedure:

- A requisition will be entered with a "not to exceed" dollar amount.
- Upon approval by the Purchasing Director, a blanket purchase order will be issued.
- It is the responsibility of the requester to manage the amount listed in the purchase order. Once purchases reach the "not to exceed" limit, the requestor must close the purchase and request another.
- At the end of each month, the requestor must reconcile accumulated purchases and ensure that the purchase order limit has not been exceeded.

4.5. Cancellation of Purchase Orders

4.5.1. Purchase orders are valid until canceled. Originators who wish to cancel a purchase order must notify the vendor and the Business Office, who will officially cancel the purchase order.

4.5.2. In the event that a vendor has begun production of a custom-made part or product, or has secured for delivery to the District an article that the vendor is not likely to sell or stock within the vendor's normal scope of business, or if the vendor has incurred costs as the vendor may incur as a result of the premature cancellation; the department/campus is responsible for any cost not to exceed the original cost on the purchase order.

4.5.3. The Purchasing Department will liquidate all encumbrances at the end of each fiscal year. Any outstanding order for which delivery is expected after the end of the fiscal year will be rolled to the new year and will be re-encumbered with the same purchase order number using the next FY funds.

4.6. Petty Cash Purchases

There are situations where the use of a purchase order is not economically feasible because of the small dollar value of the purchase. In these situations, petty cash may be used to make purchases of less than \$50.00. If a petty cash account has been authorized and established by the Business Office. Petty cash accounts will be limited to \$200.00, unless approved by the Business Office. The employee must get the authorization from a campus principal or department supervisor before purchasing any product. To get reimbursed the employee must complete a Petty Cash Reimbursement Requisition Form and return the completed form to a campus principal or department supervisor with the purchase receipt.

4.7. Warehouse Requisitions

There are several items that can be requested from the District Warehouse. A catalog is posted on the Purchasing Department website. An employee must submit a warehouse requisition in eFinance. The product will be delivered by purchasing staff the following day.

4.8. Standardization

4.8.1. Standardization of certain supplies is permitted when the practice optimizes cost reduction and/or reduces manpower. For example, standardizing computer hardware enables technicians to be trained on one or two rather than dozens of computer brands. It allows less money to be reserved in parts inventory and enables quantity pricing from vendors. Standardization issues must be discussed with and approved by the Purchasing Director to ensure that decisions are not in violation of applicable laws and policies.

4.8.2. The Purchasing Department will be responsible for maintaining standard bid specifications with assistance from all district departments.

4.9. Contract Review

4.9.1. All contracts for services and/or goods purchased with local, state, or federal grant funds shall be subjected to the review and approval process established for district contracts. The Contract Procedures and Checklist are applicable to all local, state or federally funded contracts and are included in the forms section of this manual.

4.10. Self-Certification

- 4.10.1. Beginning September 1, 2018, the District shall complete a review of the federal grant procurement system on an annual basis to self-certify that the procurement system is efficient and effective. The Director of Purchasing shall oversee the completion of the self-certification and submit it to the Director of Business Services. The results of the certification shall be distributed to all federal grant management staff. If deficiencies are noted, the Director of Purchasing shall develop a Corrective Action Plan to remedy the deficiencies, as appropriate.

5. PRICE QUOTES

- 5.1. This procedure applies to all purchases of supplies, services, materials, capital outlay items, and services unless specifically exempted by law.
- 5.2. A District level administrator or campus principal shall make all purchase commitments on a properly drawn and issued purchase order as follows:
 - 5.2.1. For purchases less than \$10,000, quotations are not required, but are encouraged to obtain best value.
 - 5.2.2. \$10,000-\$49,999: Quotations are not required, but are encouraged to obtain best value, and attached to the requisition or use of district approved annual bid, cooperative, inter local agreement or state contract, if using state or local funds. Quotations by email, fax, Internet print out, or hand delivery must be attached to the purchase requisition. Please note all federal purchases will be aggregated by fiscal year by Commodity Code/Like Type Item. When we reach the \$50,000.00 total purchases by Commodity Code/Like Type Item the purchase is then considered a Small Purchase and 2 quotes are required. The district defines the Commodity Codes/Like Type Items, but a single PO or single vendor purchases cannot be considered an item. For fiscal year, 2022-2023, the Business Office self-certified the micro-purchase limit to \$49,999.
 - 5.2.3. For purchases, with an aggregate annual value of \$50,000 or more, formal competitive quotations are required. The Purchasing Director will coordinate the procurement of all purchases valued above \$50,000. Formal competitive procurement methods may be used as outlined in 6. If using federal funds, then 2 quotes minimum are required once the commodity code reaches the small purchase limit of \$50,000. Quotations by email, fax, Internet print out, or hand delivery must be attached to the purchase requisition. Please note all federal purchases will be aggregated by fiscal year by Commodity Code/Like Type Item. When we reach the \$50,000 total purchases by Commodity Code/Like Type Item the purchase is then considered a Small Purchase/Competitive procurement and 2 quotes are required.

The district defines the Commodity Codes/Like Type Items, but a single PO or single vendor purchases cannot be considered an item. For effective 9/1/2022, the Business Office self-certified the micro-purchase limit to \$49,999.00.

- 5.2.4. \$250,000+: Purchases with federal funds require the Purchasing Department to perform an Independent Estimate Determination prior to advertising for bids or proposals and a Cost and Price Analysis prior to awarding or entering into a contract.

6. COMPETITIVE PROCUREMENT OPTIONS

- 6.1. The purpose of this procedure is to provide guidance for the regulations that apply to purchases of supplies, services, materials, and equipment that are required by law to be competitively bid, and procured by one of eight competitive procurement methods set forth in Texas Education Code 44.031.3
- 6.2. For purchases with an aggregate annual value of \$50,000 or greater, the formal competitive procurement method which provides best value to the district must be used. The Purchasing Director will coordinate the procurement of all purchases valued at \$50,000 or more. Following are procurement methods authorized:
 - Competitive Bidding
 - Competitive Sealed Proposals
 - Request for Proposals
 - Interlocal Contract
 - Design/Build Contract
 - Construction Management at Risk Contract
 - Job Order Contract

The purpose and intent of competitive procurement is to secure the best product at the lowest price by stimulating competition.

Determination by Board of Trustees which method will provide the best value for the district must be done first, if a construction project. The RFP must state the selection criteria that will be used to evaluate the offer and/or relative weights, if known at the time of the publication.

- 6.3. These regulations and procedures apply to all purchases as follows:
 - 6.3.1. Purchase of supplies, services, materials, and equipment, except contracts for the purchase of produce or vehicle fuel, valued at \$50,000 or more in the aggregate for a twelve (12) month period are to be made by the method or methods that provide the best value to the district.
 - 6.3.2. Purchase, lease, or lease-purchase of a school bus must be competitively bid if the contract is valued at \$20,000 or more.
 - 6.3.3. Federally funded child nutrition program purchases of at least \$50,000 must be competitively bid.

6.4. Competitive Bids

6.4.1. The requisitioning party shall furnish a completed purchase requisition form and detailed specifications to the Purchasing Department along with the budget authorization and recommended sources of suppliers (vendors), if known by the user.

6.4.2. Bid Form Preparation – Upon approval of the request, completed and approved specifications, the Purchasing Department will finalize into a bid document.

6.4.3. Advertisement and Notification – The bid advertisement stating a brief description of the item(s), where the documents, plans or specifications may be examined, the time and place for bid opening, will be published in a local newspaper:

- Once a week for at least two weeks prior to the deadline for opening bids for purchases greater than \$50,000.

6.4.4. Bid openings must be at least ten days from the date of the second publication. Bid requests shall be furnished to known suppliers and to any supplier requesting an opportunity to respond. The CSISD web-based e-Bid system will electronically notify registered vendors of applicable bid opportunities. It also allows registered vendors to electronically view and submit bids. Vendors pay no fees for registering or utilizing this e-Bid system. Suppliers can register from the purchasing website. A vendor must be awarded on a CSISD bid or a cooperative contract for which CSISD is a member, to be considered an awarded vendor.

6.5. Competitive Bids over \$50,000 must be presented to and awarded by the Board of Trustees.

6.5 Competitive Sealed Proposals/Request for Proposals procedures are recommended where other procurement procedures are not required according to state or federal rules, laws, or regulations, in order to stimulate competitive prices for services. The competitive sealed proposal process is an alternative to competitive bidding.

6.5.1. This procedure applies to all construction services, maintenance, repair and renovation of a building or material for a renovation project valued over \$50,000 or

more in the aggregate for a twelve (12) month period. Other services that are not compatible to the competitive bidding procedures are to comply with the Competitive Sealed Proposal procedures.

6.5.2. The terms and conditions of competitive sealed proposals are identical to those for competitive bidding except that under competitive sealed proposals changes in the nature of a proposal, and in pricing, may be negotiated after proposals are opened. A Request for Proposals (RFP) is a part of the competitive sealed process. The RFP is the mechanism that generates the receipt of the competitive sealed proposals and should contain as a minimum several key elements:

- Written notice, in the RFP, of the delegation and the extent of the Board's delegation of its contracting authority.
- Relative Weights
- Newspaper advertisement
- Notice to Proposers
- Standard terms and conditions
- Special terms and conditions
- Scope of Work
- Acknowledgement form/response sheet
- Conflict of Interest Questionnaire
- Certification Regarding Debarment and Suspension
- Felony Conviction Notice
- Certificate of Residency
- Contract Clause
- Debarment and EDGAR Certification (Federal funds)
- Proposer/Vendor Certification Form (Federal)
- Certification regarding Terrorist Organizations, Boycott of Israel, Boycott of certain energy companies, Discrimination against Firearm and Ammunition Industries, and Certain Foreign-Owned Companies in connection with critical infrastructure.

6.5.3. A Request for Proposal may also be used as a procurement option to generate a non-sealed competitive proposal, but only for services other than construction services. In this instance, the district may open the proposal upon receipt and begin negotiation process for the offered goods or services.

6.5.5 For all purchases that exceed the Federal Simplified Acquisition Threshold of \$250,000, a cost or price analysis shall be performed for every procurement so that an estimated cost is obtained before issuing a request for bid or purchase order to an approved vendor. Secondly, all purchases that exceed this threshold that are for construction or facility improvement shall comply with federal bonding requirements such as:

- Bid guarantee from each bidder of five percent (5%) of the contract price.
- Performance bond on the part of the contractor for 100% of the contract price.
- Payment bond on the part of the contractor for 100% of the contract price.

6.6. Interlocal Purchases

6.6.1. The district can contract or agree with another local government, including a nonprofit corporation that is created and operated to provide one or more government functions and services, or with the state or a state agency, including the General Services Commission (GSC) to purchase goods and any services reasonably required for the installation, operation, or maintenance of goods. The purpose of an inter-local contract may be to study the feasibility of using an inter-local contract to perform a government function or service, that each party to the contract is authorized to perform individually.

6.6.2. Local governments that are parties to an inter-local contract for the performance of a service may, in performing the service, apply the law applicable to a party as agreed by the parties, (Section 791.012, Government Code).

6.6.3. Requirements for an Interlocal Contract include:

- Authorization by the governing body of each party to the contract
- Statement of the purpose, terms, rights, and duties of the contracting parties
- Specification that each party paying for the performance of governmental functions or services must make those payments from current revenues available to the paying party

6.7. Construction Projects

6.7.1. Contracting and Delivery Procedures for construction projects are governed by Government Code Chapter 2269. In accordance TEC (Section 2269), the district must publish in the request for bids, proposals, or qualifications for construction services the criteria that will be used to evaluate the offers and relative weights, if known at the time of the publication, given to the criteria.

6.7.2. Criteria that may be used to award a construction contract include.

- Cost
- Experience and Reputation
- Quality of Goods and Services
- Impact on ability of District to meet HUB contracting requirements.
- Safety Record
- Proposed Personnel
- Financial Stability
- Other relevant factors

6.7.3 State Approved Procurement Methods for Construction

- Interlocal Contract
- Competitive Bid
- Competitive Sealed Proposal
- Construction Manager at Risk
- Design Build

6.8. Evaluation Procedures

6.8.1. Bid Evaluation Committee Guidelines

Your willingness to participate as an evaluator is an integral part of the procurement process for College Station ISD. The Office of Purchasing, and the Director of Purchasing truly appreciate your assistance and expertise. Your designation as an evaluator for the Director of Purchasing, and as a public servant thereby, requires that you fully understand the policies regarding potential conflicts of interest and the confidential nature of the proposals and all that is contained therein. The following information provides a general overview of evaluations and outlines how the evaluation process is conducted.

6.8.2. Purpose

To provide guidance on the simple, fair, and objective operation of the evaluation committee. Request for Proposal is a best value bid process that includes the receipt of proposals, permits negotiation, and usually affords proposers an opportunity to revise their offers before award of a contract. The evaluation committee is an integral part of the CSISD procurement process.

6.8.3. Competition

The solicitation and selection of (a) qualified company(ies) through the issuance of a Request for Proposal (RFP), Competitive Sealed Proposal (CSP), or Request for Qualifications (RFQ) shall be conducted in a manner so as to provide maximum open and free competition. Professional services (architect, engineer, and land surveyor per TGC 2254) shall not be awarded based on price competition.

6.8.4. Role of the Buyer

- Develop scope of proposal, specifications, and other template updates, as necessary
- Create and maintain the proposal timeline
- Form the evaluation committee: determine committee size and recruit committee members

After the proposal opening:

- Examine each proposal to determine if all mandatory requirements have been met to warrant further evaluation
- Assign someone to check proposers' references by email or phone.
- Score purchase price for each proposer (if applicable)
- Provide supplier responses to committee members.
- Serve as project leader of evaluation committee; send to committee members:
- Brief overview of solicitation process
- Provide instructions for the evaluation process Determine date and time of the evaluation committee meeting
- Compile the final scores; complete Evaluation Summary Form
- If clarifying information is required, arrange for the

- presentation(s), conference call or webinar
- If best and final offer (BAFO) is requested, coordinate the issuance and collection of BAFO correspondence to and from proposers
- Calculate final award(s) based on highest point total
- Present recommendation(s) to the Director of Purchasing or other party as directed
- Ensure that evaluation materials are made part of the solicitation file.

6.8.5. Duties of the Evaluation Committee Member

- Content specific knowledge and/or expertise
- Read and sign the Instructions to Evaluation Committee Members
- Independently score each proposal for each evaluation factor (not already completed by the Project Leader)
- Meet as a group for presentation or discussion, as required
- Adhere to timeline set by Project Leader for completing evaluation(s)
- Maintain confidentiality of the project

6.8.6. Evaluation Committee Membership

The evaluation committee size will be determined on an individual solicitation basis. The committee as a whole will be comprised of 3 to 5 members who have expertise and knowledge in the discipline(s) related to the solicitation. The buyer will serve as the evaluation committee project leader. No person who might have a potential conflict of interest regarding financial interests or prejudice through current or past association or relationship with a proposal offeror should serve on the evaluation team. The committee will be formed as follows:

- Three (3) CSISD staff with knowledge and expertise in the discipline(s) related to the project.
- Optional: One (1) Director/Manager from within CSISD.
- Optional: One (1) or more CSISD consultants

6.8.7. Evaluation Methods

The objective is to select the company(ies) or individual(s) that can best provide the goods/services when technical ability, price and other factors have been considered. Proposals shall be evaluated and ranked solely on the basis of criteria contained in the solicitation. Oral presentations, although not mandatory, may be conducted with short-listed companies during the evaluation process and taken into consideration in the final evaluation.

There are two methods of evaluating proposals, the consensus (or narrative) method and the numerical scoring method.

The **consensus method** is a process where the committee as a

whole arrives at a common understanding of ranking the offers. It usually does not involve numerical scoring but consists of a narrative appraisal of significant strengths, weaknesses and risks of each proposal.

In the **numerical scoring method**, each member individually evaluates each proposal received based on the evaluation criteria listed in the proposal and the pre-established weighted values, and computes the total score assigned each proposal.

As a rule, pricing information will be submitted together with all other elements of the proposal. In selected instances, the buyer may determine it is in CSISD's best interest to have cost/price information physically separated so that the technical evaluation can be performed separately from price evaluation and thereby not allow for cost/price to influence the technical evaluation.

6.8.8. Evaluation Committee Function

The project leader will determine if the consensus method or numerical scoring method will be utilized. If the consensus method is chosen, a committee consensus report will be prepared identifying the strengths, weaknesses, and risks of each proposal. Individual committee member narrative evaluations are not necessary but may be prepared if it best serves the procurement process. The buyer is responsible for the report and to ensure the evaluation process is accomplished correctly.

When the consensus method of evaluation is used, individual evaluation score sheet from by each committee member may or may not be utilized. One score sheet for the entire committee will suffice.

When the numerical scoring method of evaluation is used, individual score sheets are obtained from each member in evaluating the proposals. Members evaluate the proposals and fill out the score sheet. The score is then totaled, and the buyer will prepare the summary. If an individual evaluation score varies 25% or more from the average scores of the total evaluation committee on any specific proposal, it shall be subject to review by the evaluation committee. The purpose of the review is to discover the specific deficiency or significant characteristic that the evaluator considered to be of such magnitude that, when evaluated further by the entire committee, could change the scores of the committee or the individual evaluator. Should an evaluation be reviewed, it shall be documented and retained in the contract file. During the review session, evaluators are encouraged to communicate amongst themselves to glean any and all information that will assist in ranking the proposals and

making a selection.

A committee meeting is held to verify the scores.

The committee may

- accept
- reject
- elect to hold oral presentations
- forgo oral presentations
- decide how many proposers are in the competitive range
- send a recommendation to the Director of Purchasing and the CSISD Board of Trustees.

6.8.9. Presentations – Oral, Conference Call or Webinar

The evaluation committee may conduct a presentation by proposers in the competitive range. If, in the committee's opinion, no useful purpose will be served by conducting a presentation, it may be waived.

If the best value selection method is utilized, oral presentations are especially important. The purpose of such presentations shall be to determine in greater detail such proposer's qualifications and explore with the proposer the scope and nature of the required goods/services, the proposer's proposed method of performance, and the relative utility of alternative methods of approach.

The buyer will issue each individual or company selected for oral presentations a written notice of their selection and an invitation to meet with the evaluation committee for a briefing/presentation on their proposal. The notice will also establish a time, date, and location to give the oral presentation.

6.8.10. Confidentiality

The evaluation committee shall not disclose any information derived from proposals submitted by other proposers and shall not disclose any information contained in any proposals until after award of the proposed contract has been made. All committee members shall immediately report all inappropriate contacts regarding the evaluation proceedings to the buyer or Director of Purchasing.

6.8.11. Negotiations

Negotiation, in the sense of discussion, persuasion, alteration of initial assumptions and positions, and give-and-take, may apply to price, scheduling, technical requirements, or other terms of a proposed contract.

The competitive range/short list will be composed of all companies

whose proposals have a reasonable chance of being selected for award, i.e., capable of being made acceptable through minor modification to the proposal.

The buyer will be responsible for conducting the negotiations. If a negotiation team is formed, then the buyer will be the team leader. The content and extent of the discussions is based on the particular facts of each acquisition:

1. Making certain that the offeror has a clear understanding of the scope of the work, specifically the essential requirements involved in providing required goods/services,
2. Determining that the offeror will make available the necessary personnel and facilities to perform the services within the required time, and
3. Agreeing upon compensation, which is fair and reasonable, taking into account the estimated value of the required goods/services and the scope, complexity, and nature of such goods/services.

The proposer will be advised of deficiencies in its proposal and will be given an opportunity to conform the proposal to CSISD's requirements. Any uncertainties concerning the technical proposal and other terms and conditions of the proposal will be resolved. Suspected proposal mistakes are to be called to the proposer's attention being specific as possible without disclosing information concerning other proposals or the evaluation process. Proposers will be provided a reasonable opportunity to submit any cost or price, technical, or other revisions to their proposals that may result from discussions.

The negotiation team members and other CSISD personnel involved shall not engage in:

1. Technical leveling (i.e., helping an offeror bring its proposal up to the level of other proposals through successive rounds of discussion, by pointing out weaknesses resulting from the proposer's lack of diligence, competence, or inventiveness in preparing the proposal).
2. Disclosure of any information pertaining to another proposal that results in improvement of a competing proposal, or
3. Auction techniques, such as:
 - A. Indicating to an offeror a cost or price that it must meet to obtain further consideration,
 - B. Advising an offeror of its price standing relative to another offeror. However, it is permissible to inform an offeror that its cost or price is considered to be too high or unrealistic.
 - C. Otherwise furnishing information about other

proposals.

If the buyer or Director of Purchasing determine that a proposal no longer has a reasonable chance of being selected for contract award, it will no longer be considered for selection.

6.8.12. Best and Final Offers (BAFOs)

Upon completion of discussions, the buyer may issue to all proposers still within the competitive range a request for best and final offers. The request shall include:

1. Notice that discussions are concluded,
2. Notice that this is the opportunity to submit a best and final offer,
3. A common cutoff date and time that allows a reasonable opportunity for submission of written best and final offers, and
4. Notice that if any modification is submitted, it must be received by the date and time specified and is subject to the late submissions, modifications, and withdrawals of proposals provision of the solicitation.

After receipt of best and final offers, the negotiation team should not reopen discussions unless it is clearly in CSISD's interest to do so. If discussions are reopened, following evaluation of the BAFOs, the evaluation committee shall recommend that source whose BAFO offer is most advantageous to CSISD, consistent with the established evaluation factors. While the lowest price or lowest total cost to CSISD is an important factor in many source selections, in many solicitations CSISD may select the company whose proposal offers the greatest value to CSISD in terms of performance and other factors.

6.8.13. Committee Recommendation(s) to Director

After validation of qualifications, evaluation, and presentations, the evaluation committee shall select a company or companies, in the order of their respective qualification ranking, deemed to be the most highly qualified to provide required goods/ services.

There may be further discussion between the Director of Purchasing and the evaluation committee members before the committee's recommendation is finalized and sent to the CSISD Board of Trustees for contract award.

6.8.14. Cancellation of Proposal

Solicitations are subject to cancellation if they prove not to be feasible for reasons such as, but not limited to, a fair and reasonable contract cannot be negotiated.

6.8.15. Debriefing of Unsuccessful Proposers (If used)

Debriefings for non-awarded proposers may be conducted by the buyer. The primary purpose of a debriefing is to provide information so that an unsuccessful proposer can improve in the event of similar future procurements.

6.8.16. Comparisons with other unsuccessful proposals are not permitted.

At the onset of the debriefing, the CSISD representative shall state to the company being debriefed that "No other proposal shall be discussed as we would not discuss your proposal with any other company." The debriefing shall only deal in specifics related to the company being debriefed.

6.8.17. Insurance Requirements

The Contractor, before starting work for the school district, must furnish the District with a Certificate of Insurance or other acceptable evidence from a reputable insurance company or companies (such companies to be acceptable to the district) licensed to write insurance in the State of Texas, showing that the Contractor is covered by the insurance as follows:

Umbrella Excess Liability. Not less than \$1,000,000.
Statutory Worker's Compensation and Employer's Liability Insurance. In the event any work is sublet, the Contractor shall require the subcontractor similarly to provide the same coverage and shall himself acquire evidence of such coverage on behalf of the subcontractor.

The Certificates of Insurance furnished to the district shall contain a provision that coverage under such policies shall not be altered, materially changed or cancelled at least thirty (30) days prior to any change and such notice shall be given to the district. CSISD shall be named as co-insured.

These Dispute Resolution Procedures provide the exclusive administrative procedure for asserting a claim against the Purchasing Department arising out of any matter which is within the scope of these Dispute Resolution Procedures. Neither an Aggrieved Person, Petitioner, nor any other interested party, has a right to any administrative remedy against the Purchasing Department, except in accordance with the procedures set forth in these Dispute Resolution Procedures.

7. EXCEPTIONS TO COMPETITIVE PURCHASING REQUIREMENTS

7.1. Without complying with the competitive procurement options set forth in 6.2, the district may:

7.1.1. Contract for professional services such as architects, engineering, land surveying, CPAs, attorneys, and fiscal agents. In lieu of methods provided by Texas Ed. Code 44.03 the district may contract for professional services rendered by a financial consultant or technology consultant.

7.1.2. Contract for the replacement or repair of the facilities or equipment destroyed or severely damaged if the Board of Trustees determines that the delay imposed by the competitive procurement process would prevent or substantially impair the conduct of classes or other essential school activities; or

7.1.3. Purchase an item that is available from a single source, including:

- An item for which competition is precluded because of the existence of a patent, copyright, secret process, or monopoly.

- A film, manuscript, or book.
 - A utility service, i.e., electricity, gas, or water;
 - A captive replacement part or component for equipment.
- 7.2. Selected purchases may be exempt from competitive procurement if they meet established criteria for a sole source purchase:
- 7.2.1. The Purchasing Department will make the final determination if the purchase is a sole source.
- 7.2.2. Identification and confirmation that competition in providing the item or product to be purchased is precluded by the existence of a patent, copyright, secret process, or monopoly.
- 7.2.3. Sole source does not apply to mainframe data-processing equipment and peripheral attachments with a single item purchase in excess of \$15,000.

It is important for the district to maintain and retain documentation from the vendor, which clearly delineates the reasons, which qualify the purchase to be on a sole source basis. It is important to verify a vendor's claim of having a sole source product.

8. VENDOR SELECTION/RELATIONS

8.1. Vendor relations

- 8.1.1. It is district policy to maintain and practice the highest possible standards of business ethics, professional courtesy, and competence in all our dealings. - To give prompt and courteous reception, as well as fair and equal treatment, to all suppliers and their representatives,
 - Provide equal opportunity for all suppliers including small, minority, woman-owned, or labor surplus area firms to offer price quotes and products,
 - Guarantee the confidentiality of all price quotations made by vendors,
 - Explain as clearly and fully as possible to suppliers the reason for any rejections of prices and/or quotes provided,

- Remain scrupulously free from obligations to any supplier,
- Keep informed about sources of supply, current methods, services, and material; encourage their testing of new product samples,
- If, for any reason, one vendor is permitted to re-quote, his competitors will be given the same opportunity. Re-quoting should be restricted to an absolute minimum.

8.2. Vendor Award Criteria

8.2.1. The general practice of the district shall be to accept the lowest responsible bid or the most advantageous or best value proposal for the district as specified. In determining the lowest responsible bid or most advantageous or best value proposal for the district, the district is not restricted to considering price alone but shall consider other factors stated in the selection criteria.

If the District receives two or more quotes or bids from responsible bidders that are identical in amount, as the lowest and best bid, the district shall select only one bidder based on prior experience with vendors.

8.2.2. Criteria

- In awarding a contract, bid, and/or a quotation the district shall consider:

 - Vendor's past relations with District
 - The impact on the ability of District to comply with laws related to Historically Underutilized businesses (HUB) including small, minority, woman-owned, or labor surplus area firms
 - Long term cost to District to acquire goods or services
 - For a contract for goods and services, other than goods and services related to telecommunications and information services, building construction and maintenance, or instructional materials, whether the vendor or the vendor's ultimate parent company or majority owner:*
 - A. has its principal place of business in this state; or
 - B. employs at least 500 persons in this state;

*This criteria cannot be used for federally funded purchases.
